**The Wartburg Makes NYS Top Nursing Home List in
US New & World Report's Guide to Nursing Homes**

(Mount Vernon, NY-February 10, 2011) The Wartburg's long-term residential care program has been included in the US News & World Report's 2011 list of top nursing homes in the state of New York. To be included on the list, the residence must earn 5 stars, the highest overall rating, from the federal government's Centers for Medicare and Medicaid Services. Overall rating is geared to its performance in health inspections, nurse staffing, and medical care. Homes are ranked in tiers according to their star ratings in the three individual areas.

"The Wartburg is proud to be included on this list," said David Gentner, President & CEO. "We are all committed to ensuring the highest health and safety standards for residents. Each staff member is driven by compassion for the individual and their families and the strong desire to provide an environment of excellence."

The Wartburg Adult Care Community is a not-for-profit Lutheran ministry, serving people of all faiths with a full range of residential options and health-related services for older area adults and their families.
