

An evolving community of hope and healing

As we age, we may find ourselves seeking assistance to help maintain our quality of life.

Some of us need assistance at home; others need a new place to call home. Some are looking for an occasional respite; some need long-term care. And some of us may simply be caregivers who need some place to turn for support and reassurance, or guidance.

Whatever your needs, more than a century of experience has brought The Wartburg Adult Care Community insights into creating programs that make life easier and afford a range of choices, with varying levels of assistance, independence and financial options.

Enjoy the tranquil beauty of our stunning park-like campus

Tucked behind a quiet residential neighborhood on the border of Mount Vernon and Pelham, New York, are two very special residences built especially for seniors.

Once past the gatehouse, the hustle and bustle of lower Westchester dissolves away as you enter a 36-acre campus with a history dating back 140 years. Formal and informal gardens, smooth walkways, shady gazebos and cozy benches placed in just the right spots invite you to sit and rest awhile. There's more than enough room to schedule a variety of outdoor activities, without being intrusive to those who prefer to just sit and enjoy the changing seasons.

Lohman Village is the perfect choice if you're looking for a little less work, a little less worry, and more socializing. **Meadowview Assisted Living** is perfect if you would like most tasks taken care of for you, and want the convenience of having everything at hand. Whatever your choice, you will enjoy regularly scheduled local transportation for shopping and entertainment, and have access to a full-time Chaplain who conducts services and directs pastoral care. Small, well behaved pets are welcome.

You only need to spend a little time here and to receive a warm greeting from a passerby, to realize that *this can be home*.
